Rd 012-3421-2008/09

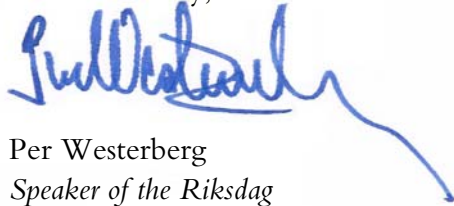

Dear Colleague,

Our meeting in Stockholm is drawing closer. The final draft agenda and some additional background notes for our debate will be submitted to you in early May.

Already at this stage, however, in accordance with Article 10 of the present guidelines for the Conference of Speakers, I would like to submit a proposal for amending these guidelines. I would like us to discuss this proposal and hopefully reach agreement on it.

The proposed amendment is based on the background paper published by the Swedish EUSC Presidency on the IPEX forum and the comments generated there prior to 22 April.

Yours sincerely,

Per Westerberg  
*Speaker of the Riksdag*
