

## EU Speakers Conference

As a result of the suggestion made to the President of the Assembly of the Republic by the Presidents of the Parliaments of Austria, Estonia, Hungary and the Netherlands, the topic of "The participation of women in political life" will be included in the agenda of the next Conference of the Presidents of the European Union, which is to take place in Lisbon, on 20 and 21 June 2008.

As the number of female Members of the European Union Parliaments is known, it would be interesting to supplement this information with deeper knowledge about their level of participation in parliamentary life, based on such data as the percentage of female Members of Parliament holding positions with extra responsibility, or who play a significant role in the Plenary Meetings or on the Parliamentary Committee.

Therefore, we ask you to return your replies to us by 7 March.
