

**Inter-Parliamentary Conference for the Common Foreign and Security Policy  
and the Common Security and Defence Policy**

Bucharest, 8 March 2019

**European Woman's Deputy Declaration**

Today is the day !

Today is the day of International Woman's rights.

Today is the day of dialogue.

Therefore, we specifically ask more women to take the floor.

Thanks to the Romanian's EU Presidency, we had the opportunity to discuss the future of European foreign affairs and defense during the last two days.

We, Women of national and European parliaments, want to share our opinion on an inclusive vision of european geopolity and defense strategy.

Therefore, we want our « 5D-Vision» to be heard : Dialogue, Democracy, Diplomacy, Development and Defence.

We, Women, are convinced that al those « D's » do play a crucial role in avoiding tensions and solving conflicts.

Our 5D-Vision is a foundation for world peace and safety, espacially for European countries and their neighbours.

To implement those « D's », the world needs Women.

Today, We, Women of national and European parliaments, are ready to take the engagement to make it works, and in the meantime, we invite women all over the world to join us.
